EDUCATION

Singapore Polytechnic · Diploma in Information Technology (Software & Applications) — Apr 2025 – May 2028
Cumulative GPA **3.80 / 4.00** · Director's Honour Roll AY25/26 (top 10% of cohort) · Edusave Award 2026 (academic excellence)

Hai Sing Catholic School · GCE 'O' Level, **7 credits** — Jan 2021 – Nov 2024

EXPERIENCE

HR Data & Analytics Intern · Ministry of Home Affairs (MHQ HRD), DiscoverMHA — Mar 2026 – Apr 2026

- Researched the latest AI tools on the market, comparing their capabilities and shortcomings for HR use cases.
- Worked with HR teams to review their processes and digitalise them using UiPath, Python and Gen AI tools.
- Provided technical advice and troubleshooting support to HR users adopting these tools.

Administrative Assistant · Part-time — Nov 2024 – Dec 2024

- Verified and updated records in the document system; checked inventory levels and ordered stock.

PROJECTS

MEANT · Dell InnovateFest, **2nd Runner-up** — Aug 2026 – Sep 2026

- An AI voice for people who can't rely on their own: it listens, suggests replies in the user's own way of speaking, and lets them choose before anything is said.
- Ran speech recognition, a language model and text-to-speech fully on-device on an NVIDIA GB10; placed out of 52 finalist teams and pitched at the National Gallery Singapore.

Point Cloud Annotation Studio · HacX Hackathon, **Finalist** — Sep 2025 – Nov 2025

- Built a web tool for viewing and annotating 3D point-cloud scans of scenes, helping investigators mark and label evidence for forensic mapping.
- Scoped the forensic problem, prototyped against a fixed deadline and presented the solution to judges.

PolyConnect · Polytechnic student network, Software Engineering & CI/CD modules — May 2026 – Aug 2026

- Developed a polytechnic-only social platform where students build profiles, connect and collaborate across schools.
- Set up a GitHub Actions pipeline running lint, unit, integration and end-to-end tests before every merge, with containerised builds via Docker.

HACKATHONS

Dell InnovateFest · 2nd Runner-up of 52 finalist teams, with MEANT — Aug 2026 – Sep 2026

PolyFinTech100 API Hackathon · OCBC: autonomous AI agents across customer journeys — May 2026 – Jul 2026

HacX Hackathon · Finalist (advanced to final round), CS12 Forensic Mapping — Sep 2025 – Nov 2025

PolyFinTech100 API Hackathon · UBS: AI-enabled wealth management services — May 2025 – Jul 2025

LEADERSHIP & PROGRAMMES

Head of Operations, Apple Developers Society (SP) · Executive Committee; plan and run workshops, events and bootcamps for members — Apr 2025 – Present

SPOT Programme · Selected for SP Outstanding Talent, a stretch leadership programme with seminars and mentoring — Apr 2025 – Present

EDGE Programme · Invited to SP's top-student programme: 1-on-1 mentoring, leadership and communication training — Apr 2025 – Present

SKILLS
